

Thank you for your continued prayers, interest, and gifts for the Congo home for orphans and street children. Georgette, her co-workers, and the children also thank you!

Some wonderful things happened in 2014:

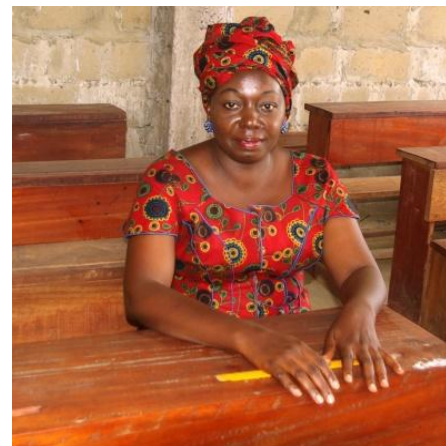

First, the home/orphanage got a well with a water pump powered by solar power. This helps the children in cooking, washing, laundry, and gardening, and it serves the neighbors.

Second, a new school was built and is running with 150 students in 6 classrooms, grades 1-4 and 7-8. With funds from Christian Broadcasting Network, a second school building is being constructed.

Georgette insists with a great deal of gratitude that without our steady support they could not have developed to this stage.

The students lack textbooks. Some are free from the government, and you can see these in the pictures below. Others (printed in France) are expensive. Here is a new opportunity for us: **We want to help provide textbooks.**

We will begin with elementary textbooks. The school has 6 sets of books; 30 sets are needed. The average price per textbook is \$20. Total costs for elementary textbooks will be \$15,000. **We invite you to support the future of these schoolchildren in this way.**

We continue to support the children with funds for food and school fees. We send \$1250 US per month for food and \$2000 US every trimester to help with school fees.

We invite you to a monthly commitment or an annual donation. Take advantage of automatic deposit arrangements. We issue income tax receipts for all donations. Cheques may be made out to **Accountable Development Works**, 84 Ruby St., Winnipeg, MB R3G 2C9.

Thank you!
